

Name	Description	Details	Photo
<p><i>Aronia melanocarpa</i> Low Scape Mound® Black Chokeberry</p>	<p>A compact, low-mounded variety with glossy, dark green leaves and showy white flowers in spring. A wonderful choice for edging, groundcover, or bank stabilizing. Brilliant red foliage in fall contrasts with the dark purple-black fruit. Grows in dry or wet soils, very adaptable.</p>	<p>H 1-2' W 1-2' Zone 2</p>	 <p><small>Photo courtesy of Proven Winners - www.provenwinners.com</small></p>
<p><i>Aronia melanocarpa</i> Low Scape Snowfire</p>	<p>A deciduous shrub also known as chokeberry. It features showy white flowers with red flowers in mid-spring. The blooms contrast with the green foliage, and the shrub produces navy blue berries that fade black over time. It is easy to maintain.</p>	<p>H 4-6' W 3-4' Zone 2</p>	<p>Photo Credit Proven Winners</p> 
<p><i>Aronia melanocarpa uconnam</i> 'Viking' Chokeberry</p>	<p>Starting with white flowers in May followed by dark, glossy leaves then a fall color show of purple, orange and scarlet. These edible aronia fruits are high in Vitamin C, iodine, and antioxidants and are used stewed, dried, or as juice.</p>	<p>H 4-6' W 3-4' Zone 2</p>	
<p><i>Azalea deciduous</i> 'Mandarin Lights'</p>	<p>Upright, rounded deciduous shrub with ruffled, lightly fragrant, bright mandarin orange flowers which bloom late season. Fall showcases bronze-colored foliage.</p>	<p>H 4-5' W 4-5' Zone 4</p>	<p>Photo credit: Eshraghi Nursery LLC</p> 

Name	Description	Details	Photo
<p><i>Rhododendron</i> 'Rosy Lights'</p>	<p>Fragrant, deep rosy-pink blooms in late May or early June. Excellent specimen. Prune immediately after blooms finish to control size and shape. Hardy to -45 F.</p>	<p>H 4-5' W 4-5' Zone 4</p>	<p>Photo credit: Bron & Sons</p> 
<p><i>Berberis thunbergia</i> <i>f. atropurpurea</i> 'Admiration' Barberry</p>	<p>Compact habit. New growth transitions from green to coral-red with a thin golden-yellow outer margin. In the fall, the red deepens to maroon. Full sun to partial shade. Plants are not sensitive to soil type, but it must drain and not be soggy. Rust resistant.</p>	<p>H 2' W 2' Zone 4</p>	<p>credit: Eshraghi Nursery LLC Unlicensed propagation prohibited</p> 
<p><i>Berberis thunbergia</i> <i>Goruzam'</i> Golden Ruby Barberry</p>	<p>Compact shrub with colorful coral-orange foliage that lasts into autumn, then turns a brilliant mix of bright orange to brick red, accented with gold margins.</p>	<p>H 2' W 2' Zone 4</p>	
<p><i>Berberis thunbergia</i> 'Orange Rocket' Barberry</p>	<p>Compact, upright, thorny deciduous shrub with orange-red new foliage that matures to green in the summer. Leaves transition to a vibrant red in the fall. Petite pale-yellow flowers show up early summer. Many small crimson-red berries appear in the fall, outlasting the foliage. Rust resistant.</p>	<p>H 4' W 18" Zone 4</p>	<p>credit: Eshraghi Nursery LLC Unlicensed propagation prohibited</p> 
<p><i>Berberis</i> 'Sunjoy Gold Pillar' Barberry</p>	<p>Gold leaves with terrific density and brilliant shades of red and orange foliage in spring. Very upright almost vertical branches.</p>	<p>H 3-4' W 18" Zone 4</p>	<p>Photo credit: Proven Winners</p> 

Name	Description	Details	Photo
<p><i>Caragana arborescens</i> Caragana</p>	<p>Bright yellow flowers from May to June. Hardy and drought resistant. Great as a hedge. Xeriscape plant.</p>	<p>H 12-15' W 8-10' Zone 2</p>	
<p><i>Caragana frutex</i> Globe caragana</p>	<p>Compact. Dark green leaves with small yellow flowers. Slow grower with uniform shape and occasional yellow flowers in summer. Good as a formal hedge or small specimen. A non-suckering type.</p>	<p>H 2-3' W 2-3' Zone 3</p>	
<p><i>Cornus alba 'Argenteo-Marginata'</i> European Variegated Dogwood</p>	<p>Variegated form of red twigged dogwood. Leaves edged with an uneven margin of creamy white. Stems are beautiful combined with evergreens for winter interest.</p>	<p>H 6-8' W 6-8' Zone 3</p>	
<p><i>Cornus alba bailhalo</i> 'Ivory Halo' Siberian Dogwood</p>	<p>Flat clusters of white flowers bloom Late Spring, followed by small white berries in fall. Medium green foliage with white edges in compact habit. Showy red twigs in winter.</p>	<p>H 6-8' W 6-8' Zone 3</p>	<p>Photo courtesy of Sheridan Nurseries</p> 
<p><i>Cornus sericea 'Bailadeline'</i> Firedance Dogwood</p>	<p>More compact and have a more uniform habit. White flowers in spring are followed by white berries that are attractive to birds. The foliage turns a nice red-purple color in fall with red stems in winter. It is tolerant of moist conditions, good on slopes to hold soil in place.</p>	<p>H 3-4' W 4-5' Zone 2</p>	<p>Photo Credit: First Editions</p> 

Name	Description	Details	Photo
<p><i>Cornus stolonifera</i> 'Farrow' Arctic Fire® Dogwood</p>	<p>Compact, dwarf variety. Bright red stems stand out in the winter. Ideal for gardens and landscaping, where size is a concern. One of the most shade tolerant ornamental shrubs. Also suitable for various soil conditions.</p>	<p>H 3-5' W 3-5' Zone 2</p>	
<p><i>Cotinus coggygria</i> Winecraft Black® Smokebush</p>	<p>Compact, rounded habit. Deep purple-black leaves progressively darken into summer. Large, airy, smoke-like blooms. Vibrant orange and red fall foliage. Plant in full sun.</p>	<p>H 4-6' W 4-6' Zone 4</p>	 <p><small>Photo courtesy of Proven Winners - www.provenwinners.com</small></p>
<p><i>Cotoneaster lucidus</i> Hedge Cotoneaster</p>	<p>Upright and rounding habit. Small pink flowers bloom from late spring to early summer. Small berries replace them and persist into winter. Leaves are thick, shiny, and dark green, and have orange-red color in the fall. Perfect pruning into a variety of shapes. Plant in full sun to partial shade.</p>	<p>H 6-10' W 6-8' Zone 3</p>	
<p><i>Daphne burkwoodii</i> 'Carol Mackie' Daphne</p>	<p>Small, fragrant, pink blossoms and variegated foliage. Quite easy to grow, requires cool, dry, well-drained soil. Prefers shaded north or east side.</p>	<p>H 2-4' W 2-4' Zone 4</p>	
<p><i>Euonymus alatus</i> 'Compactus' Dwarf Burning Bush</p>	<p>Compact, deciduous, spreading shrub. In autumn foliage turns brilliant scarlet red. Grows in full to partial sun and average, well-drained soils.</p>	<p>H 4-6' W 4-6' Zone 4</p>	 <p><small>Credit: Eshraghi Nursery LLC</small></p>

Name	Description	Details	Photo
<p><i>Forsythia 'Meadowlark'</i> Meadowlark Forsythia</p>	<p>A shrub with superior flower-bud hardiness and showy, bright yellow spring flowers, its flower buds are hardy to -35°F. It will perform best in full sun.</p>	<p>H 8-10' W 6-10' Zone 3</p>	
<p><i>Hydrangea arborescens</i> 'Annabelle' Hydrangea</p>	<p>Covered with spectacular snowball-shaped flower clusters ranging in size from 6-12" across. Ideal for use in hedging and cut flowers. Blooms from early summer into late summer. Enjoys shade or part-shade. If in sun, provide adequate moisture.</p>	<p>H 4' W 4' Zone 3</p>	<p>Photo courtesy of Baileys Nursery</p> 
<p><i>Hydrangea arborescens</i> 'Endless Summer Crush' Hydrangea</p>	<p>Intense, reblooming, deep raspberry red or neon purple spectacular flower clusters.</p>	<p>H 4' W 4' Zone 3</p>	
<p><i>Hydrangea arborescens</i> FlowerFull™ Hydrangea</p>	<p>Produces two-to-three times more blooms per season than others. Features strong stems that don't flop in the wind and rain, holding the bold blooms tall all season. Disease-resistant, lush foliage that stays clean late in the season, providing wonderful contrast to the blooms. Low Maintenance.</p>	<p>H 3-4' W 4-5' Zone 3</p>	<p>Photo courtesy of Baileys Nursery</p> 
<p><i>Hydrangea paniculata</i> 'Bobo' BoBo® Hydrangea</p>	<p>Profuse amounts of enormous creamy white flowers appear mid to late summer. Blooms held upright on strong stems. In fall, flowers turn to a pinkish hue. Uniquely compact makes it a must-have plant for any small garden. Likes full to partial sun.</p>	<p>H 2-3' W 2-3' Zone 3</p>	 <p><small>courtesy of Proven Winners - www.provenwinners.com</small></p>

Name	Description	Details	Photo
<p><i>Hydrangea paniculata</i> 'Renhy' Vanilla Strawberry Hydrangea Regular and grafted available</p>	<p>Stunning large blooms start white, then turn pink in the center, which spreads across the bloom into fall. Cool weather triggers color show! Cascading habit as flowers grow large on red-tinted stems.</p>	<p>H 6-8' W 4-5' Zone 3</p>	
<p><i>Ilex verticillate</i> 'FARROWBPOP' Berry Poppins® Winterberry Holly</p>	<p>Produces small greenish-white flowers in late spring to early summer. An abundance of bright-red berries replaces the flowers and lasts through fall and winter unless eaten by birds. Toothed, glossy dark-green leaves adorn this dwarf shrub in the warmer months. It needs a male pollinator, Mr. Poppins®, to generate the berries.</p>	<p>H 3-4' W 3-4' Zone 3</p>	<p>Photo courtesy of Proven Winners - www.provenwinners.com</p> 
<p><i>Ilex verticillate</i> 'FARROWMRP' Mr. Poppins® Winterberry Holly</p>	<p>The early blooming male companion winterberry for Berry Poppins®. Compact habit and deciduous lush green foliage. Small white flowers attract bees which pollinate nearby females. Can pollinate up to 5 female plants, needs to be within 50'. Adaptable to wet soil. Prefers wind protection and partial- sun locations.</p>	<p>H 3-4' W 3-4' Zone 3</p>	<p>Photo courtesy of Proven Winners - www.provenwinners.com</p> 
<p><i>Lonicera tatarica</i> 'Arnold Red' Honeysuckle</p>	<p>The darkest of red honeysuckles, with an upright, arching form and bright berries. Attracts hummingbirds and butterflies. Resistant to honeysuckle aphid. Full sun.</p>	<p>H 6-8' W 4-6' Zone 3</p>	

Name	Description	Details	Photo
<p><i>Philadelphus</i> 'Snow White Fantasy' Mock Orange</p>	<p>Repeat-flowering, 2-inch double flowers in clusters that bloom abundantly in spring and then again in summer. A versatile shrub with pure white, deliciously fragrant flowers.</p>	<p>H 4-5' W 4-5' Zone 4</p>	
<p><i>Physocarpus opulifolius</i> 'Amber Jubilee' Ninebark</p>	<p>Orange, yellow and gold foliage. Delicate white blooms produced in spring, and fall foliage highlighted with tones of red and purple, making this ninebark appealing over the entire season. Plant in full sun for best performance.</p>	<p>H 5-7' W 3-4' Zone 2</p>	<p>Photo courtesy of Baileys Nursery</p> 
<p><i>Physocarpus opulifolius</i> Ginger Wine</p>	<p>Sparkling burgundy foliage and unique peeling bark creates a stunning backdrop in shrub borders. Spring foliage is a radiant orange. Pink-white blooms are lovely in floral arrangements. An adaptable North American native well-suited to difficult sites. Excellent for use as an informal hedge or screen.</p>	<p>H 5-6' W 5-6' Zone 4</p>	<p>Photo Credit: Monrovia</p> 
<p><i>Physocarpus opulifolius</i> Little Devil Ninebark</p>	<p>Deciduous, full branching dwarf compact shrub with burgundy foliage and stems. White-pink button flowers bloom in spring and summer. Prefers sun to partial shade and moist soil.</p>	<p>H 3-4' W 3-4' Zone 3</p>	<p>credit: Eshraghi Nursery LLC</p>  <p>Unlicensed propagation prohibited</p>

Name	Description	Details	Photo
<p><i>Physocarpus</i> 'Summer Wine' Ninebark</p>	<p>Neat, compact branching and fine, deeply cut, dark crimson-red leaves. Requires a little pruning. Pinkish-white flowers in mid-summer show nicely against the dark foliage.</p>	<p>H 5-6' W 5-6' Zone 3</p>	<p>Photo courtesy of Bailey Nursery</p> 
<p><i>Physocarpus opulifolius</i> Sweet Cherry Tea™ Ninebark</p>	<p>The first re-blooming ninebark. Soft-pink flowers bloom in spring and repeat mid-summer followed by warm, reddish-orange new growth. Exceptional branching coupled with the colorful new growth. Rose-red fruit replaces the flowers in late spring. Plant in full sun with average, moist, but well-drained soil.</p>	<p>H 4' W 4' Zone 3</p>	 <p>Unlicensed propagation prohibited</p>
<p><i>Potentilla fruticosa</i> 'Cheesehead' Potentilla</p>	<p>Finely textured, dark green foliage with an abundance of big yellow flowers from spring until late summer on a neat, compact, low-maintenance, deer and rabbit resistant shrub.</p>	<p>H 2' W 2' Zone 3</p>	<p>Photo credit: Monrovia</p> 
<p><i>Potentilla fruticosa</i> 'Crème Brulée' Potentilla</p>	<p>Long bloom time, exceptional hardiness, and low maintenance. Stands up to drought, air pollution, and salt, and tolerates a wide range of growing conditions. Plants can get sparse without 6 or more hours of sunlight. Produces bright, double white flowers that hold up well through the season and don't require deadheading.</p>	<p>H 3.5' W 2-3' Zone 2</p>	<p>Photo credit: First Editions</p> 

Name	Description	Details	Photo
<p><i>Potentilla fruticosa</i> 'Goldfinger' Potentilla</p>	<p>Flowers look like big, yellow buttercups. Deep green foliage, deciduous shrub. Recommended for compact shape and showy flower display. All-summer color. Plant in full or partial sun, not fussy about soil if well-drained. Xeriscape plant.</p>	<p>H 3' W 3' Zone 2</p>	
<p><i>Potentilla fruticosa</i> 'Gold Star' Potentilla</p>	<p>Tidy, dwarf, compact shrub with large, wide, deep golden blooms throughout summer. Excellent for border and mass planting. Prefers well-drained soil. Deer resistant. Xeriscape plant.</p>	<p>H 2' W 2' Zone 2</p>	<p>Photo courtesy of Bron & Sons</p> 
<p><i>Potentilla</i> 'Mango Tango™'</p>	<p>Striking bicolor flowers that display shades of orange and red radiating from the center of the flower petal over a base color of deep yellow. Forms a tidy, compact mound and is at its best in full sun. Deer resistant. Xeriscape plant.</p>	<p>H 2' W 2' Zone 2</p>	<p>Photo courtesy of Bailey Nurseries</p> 
<p><i>Potentilla</i> 'Marmalade'</p>	<p>An intense shade of orange, double flowers. A very tight habit with dark green foliage, it blooms from early summer through fall and tolerates tough conditions. Deer resistant. Xeriscape plant.</p>	<p>H 2-3' W 2-3' Zone 2</p>	<p>Photo courtesy of Bailey Nurseries</p> 
<p><i>Potentilla fruticosa</i> 'McKay's White' Potentilla</p>	<p>Creamy white flowers with a yellow center that hold up well. Hardy. Deer resistant. Xeriscape plant.</p>	<p>H 2-3' W 2-3' Zone 2</p>	<p>Photo courtesy of Bailey Nurseries</p> 

Name	Description	Details	Photo
<p><i>Potentilla fruticosa</i> 'Pink Beauty' Potentilla</p>	<p>Clear pink flowers and bright green foliage that is bushy and full. The flower color normally holds well but will fade when nights are extremely hot. Deer resistant. Xeriscape plant.</p>	<p>H 2' W 2' Zone 2</p>	<p>Photo courtesy of Bailey Nurseries</p> 
<p><i>Potentilla fruticosa</i> 'Red Robin' Potentilla</p>	<p>Compact, dwarf shrub with a vigorous, rounded habit. Bright red to brick-red blooms from spring to frost. Used for specimen or low hedge. Prefers well-drained soil. Deer resistant. Xeriscape plant.</p>	<p>H 2-3' W 2-3' Zone 2</p>	<p>Photo courtesy of Bron & Sons</p> 
<p><i>Prunus pumila</i> Jade Sand cherry</p>	<p>Attractive glossy blueish-green leaves that turn yellow, orange, and red in the fall. The bonus in spring is the small ½" white blooms that flower profusely along the stems and are followed by small black cherries in late summer.</p>	<p>H 2-3' W 4-6' Zone 3</p>	<p>Photo Credit: First Editions</p> 
<p><i>Prunus tribola</i> Double Flowering Plum</p>	<p>A handsome, hardy, vigorous large shrub. Double pink, 1" flowers in April and May. Prefers rich well-drained soils. Foliage becomes bronze in the fall.</p>	<p>H 10-12' W 10-12' Zone 2</p>	<p>Photo courtesy of Bailey Nurseries</p> 
<p><i>Rhamnus frangula</i> <i>'Asplenifolia'</i> Fineline Buckthorn</p>	<p>A handsome plant with cut leaves, fern-like foliage upright narrow column of dark green foliage. Good yellow fall color. Attractive small berries turn red in summer and mature to black in the fall. Fruits savored by birds. Xeriscape plant.</p>	<p>H 6-8' W 2-3' Zone 3</p>	<p>Photo courtesy of Proven Winners</p> 

Name	Description	Details	Photo
<p>Sorbaria sorbifolia 'Sem' Sem Ash Leaf Spirea</p>	<p>Pinkish-red, fern-like spring foliage. In the full sun the foliage takes on a chartreuse tint and in autumn bronze hues appear. In July and August, the neat, round shrub covers itself with creamy white blossoms. This dwarf variety makes a wonderful low hedge.</p>	<p>H 3-4' W 3-4' Zone 3</p>	<p>Photo courtesy of Bailey Nurseries</p> 
<p>Spiraea Double Doozie Spirea</p>	<p>Deer resistant Spirea with red flowers in Spring and Summer. Mounding growth habit, perfect for a long-blooming low hedge. Full sun to part shade.</p>	<p>H:24-36" W:24-36" Zone 3</p>	<p>Photo courtesy of Proven Winners</p> 
<p>Spiraea japonica Walbuma' Magic Carpet™ Spirea</p>	<p>Fast growing, compact, mounding shrub. Long-lasting, lilac pink flowers bloom in clusters and will often re-bloom. The new foliage is a reddish orange, turning yellow-gold and finally fiery orange. Plant in full or partial sun.</p>	<p>H 2-3' W 2-3' Zone 3</p>	
<p>Spiraea japonica 'Neon Flash' Spirea</p>	<p>A newer Spiraea cultivar with a vigorous growth habit. Covered with bright cherry red flower clusters throughout the growing season. New growth has a tinge of purple before turning green. Sun or full shade.</p>	<p>H 2-3' W 2-3' Zone 3</p>	
<p>Spiraea x vanhouttei 'Renaissance' or 'Bridal Wreath' Spirea</p>	<p>A fountain-like growth pattern with beautifully arching stems. Showered with clusters of small, white flowers in mid-spring. Foliage has superior disease resistance. Prune before it blooms. Orange red in fall.</p>	<p>H 5-7' W 6-8' Zone 3</p>	

Name	Description	Details	Photo
<p><i>Lilac James Macfarlane (S. x prestoniae)</i> James Macfarlane Lilac</p>	<p>James Macfarlane Lilac has rich, true pink lightly scented blossoms held in large trusses. If you're looking for a late-blooming lilac, bloom two weeks later than Common Lilac types. It can withstand some moist conditions that are detrimental to Common Lilac hybrids. A non-suckering type.</p>	<p>H 6-8' W 6-8' Zone 3</p>	<p>Photo Credit: McKay Nursery</p> 
<p><i>Syringa vulgaris</i> Madame Lemoine</p>	<p>Madame Lemoine Lilac has double white flowers with tiny yellow centers, making this French lilac cultivar one classy addition to any landscape. It has a lovely shape and is medium-sized. A nice, wide spreader with great fragrance! Plant this either north, east, or south-facing around your home, and be sure to block from harsh winds.</p>	<p>H 8-10' W 10' Zone 3</p>	<p>Photo Credit Baileys Nursery</p> 
<p><i>Syringa pubescens</i> Dreamcloud Grafted Lilac</p>	<p>Extra-large pink, fluffy flowers are so plentiful they nearly cover the foliage in early summer. This fragrant lilac is suitable for urban gardens where its alluring fragrance will permeate your entire outdoor space.</p>	<p>H 4-5' W 4-5' Zone 3</p>	<p>Photo Credit: Robinson Nursery</p> 
<p><i>Syringa vulgaris</i> Agincourt Beauty Lilac</p>	<p>Deep purple flowers with single florets, but each floret is very large. By far one of the best purple lilacs available today! It has a light fragrance that can be enjoyed without being overbearing. This lilac is very hardy and reliable and works well in cold winter landscapes.</p>	<p>H 10-12' W 10-12' Zone 3</p>	<p>Photo Credit: McKay Nursery</p> 

Name	Description	Details	Photo
<p>Syringa vulgaris Common Purple Lilac</p>	<p>Fast growing, flowering shrub with attractive foliage. Large clusters of fragrant, lavender-purple bloom in spring. Showy hedge or screen.</p>	<p>H 12-15' W 8-12' Zone 2</p>	
<p>Syringa vulgaris Krasavitsa Moskovy 'Beauty of Moscow' Lilac</p>	<p>Flowers abundantly with delicate, double pink blooms. Nostalgic shrub with fragrant blossoms. Best used in shrub border, as a hedge, or as a screen.</p>	<p>H 10-12' W 8' Zone 3</p>	
<p>Syringa vulgaris 'Bloomerang' Dark Purple Lilac</p>	<p>A classic dwarf lilac that blooms in spring and reblooms in mid-summer through fall. A beautiful dark purple with larger and more rounded flowers.</p>	<p>H 4-6' W 4-6' Zone 3</p>	
<p><i>Syringa x prestoniae</i> 'Pinktini'</p>	<p>Perfect for small spaces. Rich pink flowers bloom from late May through early June. Lightly fragrant flowers and classic lilac foliage.</p>	<p>H 4-5' W 3-4' Zone 2</p>	<p>Photo Credit Baileys Nursery</p> 
<p>Syringa vulgaris 'Charles Joly' Lilac</p>	<p>Bares smaller panicles of purple buds that turn to magenta double flowers as they open for a fabulous show!</p>	<p>H 10-12' W 8-10' Zone 3</p>	<p>Photo courtesy of Bailey Nurseries</p> 

Name	Description	Details	Photo
<p><i>Syringa vulgaris</i> 'Flower Festa' Lilac</p>	<p>Compact growth is ideal for small gardens and balconies. Sweet fragrance and large purple panicles. Repeat blooming: it flowers in early summer and again in autumn.</p>	<p>H 4' W 4' Zone 4</p>	
<p><i>Syringa vulgaris</i> 'Sensation' Lilac</p>	<p>Upright, flowering shrub with a rounded form. Unique clusters of fragrant purple flowers edged in white.</p>	<p>H 8-10' W 8-10' Zone 3</p>	
<p><i>Syringa vulgaris</i> 'Yankee Doodle' Lilac</p>	<p>One of the deepest and darkest of all purple lilacs. Very fragrant, profuse blossoms. Excellent hedge or border plant. Easy to grow. Non suckering.</p>	<p>H 8' W 8' Zone 3</p>	
<p><i>Syringa x prestoniae</i> 'Miss Canada'</p>	<p>The brightest pink of all the lilacs. Single flower, vigorous, and non-suckering. The foliage is larger than other lilacs. Extremely hardy.</p>	<p>H 5-10' W 5-8' Zone 2</p>	

Name	Description	Details	Photo
<p><i>Viburnum trilobum</i> Bailey Compact Cranberry Bush</p>	<p>A finer branched, compact bush with maple-shaped leaves, fragrant flowers, and terrific fall color. It is great as a specimen, screen, or hedge plant.</p>	<p>H 7-9' W 7-8' Zone 3</p>	<p>Photo courtesy of Bailey Nurseries</p> 
<p><i>Weigela florida</i> 'Red Prince' Weigela</p>	<p>Displays non-fading, rich red flowers above fresh green foliage. Excellent re-blooming qualities. Upright, arching branches.</p>	<p>H 4-5' W 4-5' Zone 4</p>	
<p><i>Weigela florida</i> 'Shining Sensation' Weigela</p>	<p>Blooming machine with pink funnel-shaped flowers that bloom in May and June, and then sporadically through summer. Shiny, burgundy foliage appears as though it has been polished, and contrasts nicely with the pink flowers making this selection a cut above the rest. Long, arching stems</p>	<p>H 5-6' W 3-4' Zone 4</p>	<p>Photo Credit Baileys Nursery</p> 
<p><i>Yucca filamentosa</i> 'Ivory Tower' Adam's Needle Yucca</p>	<p>A large spike of ivory flowers towers above a rosette of sword-like, dark blue-green foliage. Performs best in full sun but will tolerate partial shade. Can grow in poor soil, it is drought and heat tolerant too.</p>	<p>H 2-3' W 2-3' Zone 3</p>	<p>credit: Eshraghi Nursery LLC</p> 

Name	Description	Details	Photo
<p><i>Yucca filamentosa</i> Color Guard Yucca</p>	<p>Variegated leaves have a pink tinge and yellow stripe with a rosy hue in cool weather. Fragrant snow-white flower spikes in midsummer.</p>	<p>H 2-3' W 2-3' Zone 4</p>
